

2018 is the year of the Earth Dog and its characteristic word is **ACTION!**

Chinese New Year of the Dog 2018 begins on Friday, the 16th of February and ends on February 4, 2019.

The Chinese Horoscope predicts that this year of the Earth Dog is going to be a good year in all respects, but it will also be an exhausting year. You will be happy, yet frustrated, rested, yet tired, cheerful, yet dull!

Planning, postponing and negligence are words you will need to remove from your vocabulary during this year.

Refreshed and regenerated, the Dog will accelerate the initiation of all things, but this may bring additional pressure and stress in the everyday life.

According to Chinese astrology, 2018 is a very good year regarding the financial aspects for all zodiac signs. It will manifest in new business opportunities, increased cash flow, and building good reputation.

2018 may be a little difficult from a health point of view. All zodiac signs will want to pay special attention to their health. This is the ideal time to start eating healthy, doing sports and getting rid of bad habits.
