REUNION REMINDERS

"Remember Love and Return to Wholeness"

Free Sunday Zoom Workshop with B'Lue
Healing of Mind, Body & Spirit:
Keys to a Good Life and Whole Life Balance
Sunday March 15 at 2PM PST
(If interested, I will send you the zoom link.)

Awareness With Love Is Healing.

*When there is pain in body or mind, we look for the cause.
When we find what is hurting, we tend to name it and judge it.
With our judgment we focus on the "Problem", so it can be eliminated.
The Problem grows with our judgment, focus and attention.*

*Awareness is healing, when we are kind and respectful.
Awareness with fear and judgment gets us stuck in pain and problems.
Awareness with love is healing.
Do what needs to be done with kindness and respect.
Move on with trust in the natural healing of body and mind.*
