

The Story of Reunion

What is Reunion Ministries?

Reunion is reconnecting with ourselves, others and the Source of All That Is.

Reunion is remembering Love and returning to Wholeness.

Reunion is a safe place in which to discover your Authentic Self and live your purpose.

Reunion is the realization of your unlimited and creative potential.

Reunion is re-uniting with the One You are and living in integrity.

In 1976 a group of parents came together through a Family Life Education class I was teaching at a local junior college. They wanted to learn to be better parents, communicating with respect, living in Love and teaching by example. As the group grew in faith and freedom, respect and gratitude, they formed a non-profit to serve their families and communities without the need to formalize the organization. **Pathways to Reunion** was created to serve all people who sought to heal the past with forgiveness, treat others with respect and acceptance, envision and create better ways to live and give every day.

Reunion was incorporated and established as a not-for profit 501(c)3 church without walls January 15, 1981.

Reunion (with Betty Lue Lieber and Robert Waldon at its helm) has founded 20+ holistic and spiritual centers in five states since 1977 serving thousands of people through counseling and coaching, holistic health consultations and spiritual healing, education and professional training for health providers, community service projects and information. The **Reunion Living Ministry Program** provided a minimum two+ year training in how to minister to others through spiritual counseling, healing, teaching, service, stewardship, leadership and whole life integration without promoting one faith or religion. **Reunion Ministries** continues to serve the Bay Area and Lake County through **Reunion Center** in Pleasant Hill, CA, and **Reunion ReSource Center** in Hidden Valley Lake, CA. We offer video tele health and phone coaching and counseling, plus daily practical spiritual guidance and inspiration through Loving Reminders written and emailed to thousands of recipients throughout the world since January 1, 1999.

Reunion Ministries is supported through the work Robert and Betty Lue offering counseling, healing and educational resources for individuals and their contributions. We have grown organically without commercializing the work we do. Following inner spiritual guidance since 1976, Betty Lue has listened and followed with full trust, knowing provision is given for all good works. Serving the greater Good of humanity with practical inspiration and spiritual wisdom has been the key to effectiveness in bringing individuals back to living in integrity the truths they know within. In this there is healing, inspiration and renewed creative Spirit. Life works when we live the Highest and Best we know.

Blessings of gratitude and respect for All that continues to be given to serve All who come.

Betty Lue

What is Unique about Reunion?

We are an all-volunteer organization.

There are no paid employees.

Everyone who serves Reunion is a contributor.

We live simply and give to those activities that support the Greatest Good.

We create according to inner Guidance and trust the finances will support.

We choose to be good stewards of our time, energy and resources.

No one is stuck or obligated. People can change their agreements.

Everyone is called to give whatever serves them in the giving.

“Do what you want to do.”

Reunion serves on the basis of love offering or contribution.

NO one is turned away due to financial limitation.

We listen to spiritual guidance to lead the way in when and how we create our services.

We all participate on all levels from cleaning to making executive decisions.

We function on an organic or natural level, trusting those who have need will be called to us.

We truly live with Love and respect for everyone equally, making no one more important.

We have learned to listen to what we are saying, receiving our own message as we share it.

We give when asked, as we are guided.

All are welcome. Everyone is served with respect for differences in faith, culture and beliefs.

Here to be truly helpful serving with unconditional love, service from the heart and always remembering God.
